**Heard the Applicant**

1. Besides raising issue of appropriate denominator, it is submitted that substantial improvement/addition in the infrastructure has been made. Classrooms are fitted with ACs, Library has been updated with AIR and Manupatra data base, there has been addition of new books etc.
2. It seems that based on the balance sheet for F.Y. 2018-19, being the 2<sup>nd</sup> year of the beginning of the college denominator of 120 has been applied. Since we are deciding fees for A.Y. 2020-21 based on full capacity denominator of 180 has to be applied after giving proportionate rise in the expenditure necessary for 180 students. So far as 5 year course is concerned denominator of 180 was correctly applied without giving proportionate rise.
3. Considering above, fees has been re calculated. Combined fees for LLB 3 year and LLB 5 year would be 26,000/-A. Y. 2020-21.
4. It is submitted that this is less than fees of previous academic year or even less than ad-hoc fees. Fees have been worked out considering expenditure made. It is clarified that college is at liberty to pay salaries as prescribed. This will be followed by fixation of fee structure commensurate with <sup>the</sup> amount spent.

**With the above modification review application is disposed of.**
